- Please note that the above fee structure is a percentage of the actual cost to provide services to the average participant for one year. Donors, fundraisers and grants help make up the difference. We request all families to support our fundraising efforts to keep our fees as reasonable as possible.
- Please note that residents of St. Louis County, St. Charles County and St. Louis County all have different fee structures based on the reimbursement rate negotiated with each Senate Bill 40 (SB-40) Board. Each board pays differently and does not always reimburse for all services.
